Tutto ha inizio da una sedia in legno con la seduta impagliata, la Marocca. È il 1923 e Antonio Calligaris fonda a Manzano, in Italia, un'azienda destinata a diventare un marchio conosciuto in tutto il mondo. Di generazione in generazione, Calligaris si trasforma in un'industria moderna e internazionale. Oggi che ha superato il secolo di vita, continua a raccontare con i suoi prodotti una storia di innovazione, saper fare e design italiano.

It all starts with a wooden chair featuring a woven seat, the Marocca. It is 1923, and Antonio Calligaris founds a company in Manzano, Italy, destined to become a globally recognized brand. From generation to generation, Calligaris evolves into a modern and international industry. Today, after a century of existence, it continues to tell a story of innovation, know-how, and Italian design through its products.

Calligaris, dal 1923 /Since 1923

Calligaris è testimone di un secolo di saper fare. Dalla tradizione artigianale delle origini alla meccanizzazione degli anni Settanta, fino alla consolidata forza industriale di cui gode oggi, l'azienda ha sempre interpretato la produzione di arredamento come un progetto capace di coniugare estetica e funzionalità, passato e presente, eccellenza e qualità.

Calligaris is witness to a century of know-how. From the artisanal tradition of its origins, to the mechanization of the 1970s, to the consolidated industrial strength it enjoys today, the company has always interpreted furniture production as a project that combines look and functionality, past and present, excellence and quality.

La capacità di abbracciare il cambiamento è la caratteristica più duratura del marchio Calligaris, e l'ingegno il pilastro su cui si basa la sua spinta all'innovazione. Punta di diamante sono i meccanismi di allunga dei tavoli. Semplici, eppure estremamente ingegnosi, i meccanismi sono la migliore dimostrazione dell'attitudine di Calligaris a offrire soluzioni innovative per la vita di tutti i giorni.

The ability to embrace change is the most enduring characteristic of the Calligaris brand, and ingenuity is the pillar that supports its drive for innovation. A highlight of this are the extension mechanisms of its tables. Simple yet extremely ingenious, these mechanisms are the best demonstration of Calligaris' aptitude for offering innovative solutions for everyday life.

Aida è una delle collezioni più amate di Calligaris. In sedie e sgabelli, la modernità del metallo incontra un design dalle linee slanciate e dinamiche. L'estetica è minimal e a fare la differenza sono le finiture dei rivestimenti da scegliere tra metallo e tessuto, metallo e cuoio o tutto cuoio.

Aida is one of Calligaris' most beloved collections. In chairs and stools, the modernity of metal meets a design with slender and dynamic lines. The style is minimalist, and what makes the difference are the finishes of the coverings between metal and fabric, metal and leather, or all leather.

La collezione Atollo si ispira alle isole coralline disposte ad anello, di cui richiama le linee curve e rotonde. A caratterizzarla è la struttura in tondino di metallo, che sorregge una seduta imbottita e trapuntata a losanghe. E se gli sgabelli trovano la loro collocazione ideale nella zona giorno, la panca può diventare un ricercato complemento nella zona notte.

The Atollo collection is inspired by the coral islands arranged in a ring, recalling their curved and round lines. It is characterized by a metal rod frame that supports a padded and diamond-quilted seat. And if the stools find their ideal location in the day area, the bench can become a refined complement in the night area.

Basil è una collezione di sedute molto ampia, dall'estetica multiforme. Punto di partenza è la scocca ispirata a una foglia di basilico, dove la nervatura centrale è un tema sia strutturale sia decorativo. In polipropilene o rivestita in cuoio, si abbina a diverse basi in legno o metallo, anche con ruote, e si declina nella versione sgabello.

Basil is a very extensive collection of seats with a multifaceted look. The starting point is the shell inspired by a basil leaf, where the central vein is both a structural and decorative theme. In polypropylene or covered in leather, it combines with several wooden or metal bases, also with wheels, and is available in stool version.

A caratterizzare la collezione Carmen sono linee slanciate ed essenziali. Le gambe in metallo sono sottili, così come lo spessore di seduta e schienale, resi però confortevoli dall'imbottitura con cuscino fisso che crea un'interessante piega sul retro. Carmen è disponibile anche in versione sgabello con poggiatesta.

The Carmen collection is characterized by slender and minimalist lines. The metal legs are thin, as is the thickness of the seat and backrest, made comfortable by the padding with a fixed cushion that creates an interesting fold at the back. Carmen is also available as a stool with footrest.

Con la poltrona Polse, il relax trova una nuova dimensione. Tra schienale alto, forme accoglienti e imbottiture generose, il comfort più completo si raggiunge grazie al meccanismo elettrico che, avviato con pulsanti nascosti fra seduta e bracciolo, fa inclinare lo schienale e comparire il comodo poggiatesta.

With the Polse armchair, relaxation finds a new dimension. Between the tall backrest, welcoming shapes, and generous padding, the most complete comfort is achieved thanks to the electric mechanism that, activated with buttons hidden between the seat and armrest, tilts the backrest and reveals the comfortable footrest.

Lounge dalle dimensioni compatte che per la forma elegante ricorda il fiore della calla, Rendez Vous è una poltroncina da conversazione, come suggerisce il nome stesso. Allo schienale sottile e curvo fa da contrappunto un sedile voluminoso, realizzato con una struttura a cinghie elastiche e sostenuto da quattro piedini impreziositi dal dettaglio metallico.

A compact lounge chair with an elegant shape reminiscent of a calla lily, Rendez Vous is a conversation armchair, as the name suggests. The thin and curved backrest is counterbalanced by a voluminous seat, made with an elastic strap structure and supported by four feet embellished with metallic detail.

Nella poltrona Rio, le linee curve e generose sono esaltate dall'assenza di spigoli e dalle cuciture d'ispirazione couture. A sollevare la seduta da terra sono quattro piedini in legno arrotondati e levigati, che donano slancio e leggerezza a una poltrona dai volumi esagerati, garanzia di assoluto comfort.

In the Rio armchair, the curved and generous lines are highlighted by the absence of edges and the couture-inspired seams. Four rounded and polished wooden feet lift the seat off the ground, giving dynamism and lightness to an armchair with exaggerated volumes, a guarantee of absolute comfort.
